

HELP US “CANSTRUCT” OUR DESIGN

Join Nacht & Lewis in supporting local families in need by providing canned goods or monetary donations. 100% of all donations go directly to the Sacramento Food Bank & Family Services (SFBFS).

We need CANS...lots of CANS!

The American Institute of Architects, Central Valley Chapter (AIACV) is hosting the Region's first ever Canstruction® competition* to kick-off a week of architectural celebrations in the community through its third annual Experience Architecture Week*! We've lined up a stellar team to build something awesome out of canned goods. The best part of this competition is that all the canned goods will go directly to the SFBFS to help support families in need.

In return for your generous cash or canned donation, we will be sure to treat you right!

- All donations are tax deductible - SFBFS' Federal Tax ID# is 94-3315566.
- After the anonymous judging of the competition is over, Nacht & Lewis will post a sponsorship recognition sign next to our design. The designs will stay up in the lobby of the SUMD Customer Service Center for hundreds of SMUD employees and many other building visitors to see for one week.
- Nacht & Lewis will publically thank our sponsors on our website, with a blog post and through our social media channels, acquiring thousands of social media impressions from local community members!

Our goal is to collect about **2,000** cans! We are looking for cans in the colors below, predominantly yellow, in order to create our “canstruction” design.

- Yellow cans
- White cans
- Brown cans
- Black cans

Here is my contact information, so please connect with me ASAP to offer your donation or ask any questions you may have about the project!

CANS we CAN use:

The cans above are examples of cans that will help execute our design, but we will gladly accept other cans and of course, monetary donations to purchase more cans.

What is Canstruction®

Canstruction® is a unique charity which hosts competitions, exhibitions and events showcasing colossal structures made entirely out of full cans of food. After the structures are built, the creations go on display to the public as a giant art exhibition. All food used to create the structures will be donated to the Sacramento Food Bank and Family Services.

Who is Nacht & Lewis

Nacht & Lewis is a multi-disciplinary design firm, deeply rooted in the historic fabric of the Sacramento community. Over the last 91 years, we have built an outstanding reputation for designing innovative solutions with integrity and dedication. Our project portfolio can be seen throughout Northern California, the Central Valley and beyond. We specialize in civic, corrections, education, healthcare, justice and public safety markets.

What is the AIACV Experience Architecture Week

Experience Architecture Week is a public-outreach event designed to facilitate greater transparency with the public in how architects create our built environment and how it impacts their daily lives; to create an ongoing dialogue to inform a distinct, regional, architectural identity; and to highlight existing relationships between the region and its architecture. The festival events begin Friday, October 10th, and run through Sunday, October 19th, 2014.
